Dear Denise:

It was an incredible pleasure to spend time with you and Rick. As I'm sure you can tell, my favorite subject is the imPOSSIBLE DREAM and the children we serve. I count myself as one of the most fortunate people in the world. I have been blessed to have the position of Executive Director for our wonderful organization. I sincerely do feel privileged to share part of the lives of the special children and their families.

The other blessing that I hold near to my heart is the opportunity to meet so many great people through the imPOSSIBLE DREAM, people who otherwise would never enter my life. People like yourself who believe that we can make a difference in this world and are willing to take the time to explore these opportunities. The imPOSSIBLE DREAM is proof that the "little" person can have a great influence and motivate others to think of those less fortunate.

My heartfelt thanks to you and NAME for the wonderful opportunity to bring the imPOSSIBLE DREAM to the attention of everyone at your conference. Thank you also for your generosity through the silent auction, the proceeds will help a child realize their "dream". A wise man once said that you can judge a person by the company they keep. The imPOSSIBLE DREAM could not be in better company than the individuals who serve children through NAME.

May you and your loved ones have good health and much happiness in the upcoming Holiday Season.

Sincerely,

Diane Florio Penza
Executive Director
